

July 2005 Triune

Dear Spiritual Family:

This is Asilomar month and we are celebrating 30 Years of Excellence.

When I think of our Spiritual Family over the past 30 years, it brightens my day. I think of how dear to my heart each of you are and how dear you were to Dr. Carol while she was with us.

30 Years ago, Dr. Carol and I recognized the Divine quality of our dream to start a Religious Science International Church. It brings a joyful tear to my eye as I remember and celebrate the footsteps of our loving adventure from then to now, honoring our path and everyone we met along the way.

Paul Williams, OSCAR, GRAMMY, GOLDEN GLOBE WINNING HALL OF FAME ACTOR, SINGER, SONGWRITER, AND one of my oldest friends, will be with us for our 30 Year Celebration along with Dr. James Turrell and the President of Religious Science International, Dr. Candice Becket. I thank all who are helping put this wonderful celebration together.

What a blessing it is to have started our church on my 35th Birthday and now, 30 years later, it is Birthday time again: Jay - 65 ... Tri City Church - 30. I have watched us mature into one of the finest Religious Science Teaching Centers in the world. Thank you for your love and unselfish support, my dear Spiritual Family... You have filled my heart with joy and somewhere in the Heart of God, Dr. Carol thanks you too!

Happy Birthday!

I love you!

Dr. Jay

Spotlight Award for July 2005

Jeanette Butler

Jeanette Butler has been a member of Tri-City Church for 9 years. She has been the church's music director and soloist since 2000. March 2004 she quit her job to pursue her passion of music and photography.

She is married to Lewis and has a 23-year-old son, Brandon. She was born in Oakland and raised in San Francisco. She now lives in Newark. She attended the University of San Francisco and received a BS degree.

She is in a 135-woman chorus called the Bay Area Showcase Chorus, part of the Sweet Adelines. Her chorus has placed 6th in 2003, and 5th in 2001 at the Sweet

She sang the National Anthem at the Celtic festival June 11th at Ardenwood. She has released one CD (Everything Must Change) and plans to release another of jazz standards in about a year.

Another one of her passions and talents is photographic art. She has placed and won in several on-line photography contests and one of her pieces, a beautiful photo of the American flag was selected and hung in the Pentagon, September 2002, as part of the "Restore the Walls" Project.

She also loves to travel and read adventure mystery. Her current favorite authors are Clive Cussler and James Patterson.

Religious Science and the Tao

According to the tradition of Taoism, a great mystic by the name of Lao Tzu lived and taught in Ancient China about 500 B.C.E. He left us with a collection of eighty-one short chapters collectively known as the Tao Te Ching. These chapters give us esoteric yet very practical advice on the art of good leadership, genuine happiness, and peace of mind. Though sometimes greatly misunderstood in our western culture over 2,500 years later, this advice is still very relevant and practical.

Join Rev. Tim Mauro in this exciting four-week exploration of these teachings and how they have a common denominator with The Science of Mind as we study and practice it. Classes are four Mondays, starting August 1, from 7 to 10 PM (short break). Learn more about yourself and make lifelong friends. \$60 for the class.

Wish List (aka: Acceptance List)

Wishes do come true when we accept them as happening now. This month's wish is for a new Hewlett Packard Printer for Carol Jean's office PC. (Please call the office for more information) We joyfully and gratefully accept your help in manifesting this.

Memorials –

The Spiritual Dimensions

“Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness. Come before His Presence with singing.” Ps. 100:1

The Spiritual Dimensions is a chorus of angelic voices brought together in Love to sing as one voice at the Tri-City Church of Religious Science.

This choir was brought together by Andy Anderson, a talented composer, recording artist, singer, and fine musician who shares his gifts in the most wonderful way, consciously bringing out the best in each of the singers with his love and enthusiasm for beautiful music and lyrics to share with the world.

Members of the choir contribute their combined talents to the good of the whole - Sopranos, Altos, Tenors and Basses singing with a purpose, to vibrate their voices into one perfect harmonious voice.

Please see Andy Anderson if you are interested in joining.

Next

The Young Adult Group welcomes you to grow in consciousness with our team of spiritual thinkers. This twenty-something is an interesting age. For many of us it's a time when we really start to think for ourselves and determine which of our beliefs are really ours and which are our parents and peers.

If you're between the ages of 19 and 35, come join us on the fourth Sunday of each month to experience a renewal of motivation of self-thought. We'll be discussing goal and visions while exploring the infinite possibilities that are available to each of us on our paths of personal growth.

Garden Club and Special Projects Team

Join Dona Cotton and Jay Borges on Saturday, July 9, from 9 AM to 1 PM.

This is a marvelous opportunity to get to know other church members and make new friends. There is plenty to so you will not get bored.

Your assistance is truly needed. A homemade lunch will be served at noon.

Practitioner Sunday

The fourth Sunday of the month is Practitioner Sunday. This is a time when the Practitioners offer you a free gift of treatment. Simply ask a Practitioner on that Sunday for this gift and know wonderful changes will occur. For more information, please contact Cher Wollard, our head Practitioner.

Asilomar

Dr. Jay will be speaking in Merrill Hall on Wednesday morning, July 27, giving his Sermon by the Sea presentation on Friday afternoon, July 29, and hosting the Holmes Room. Don't miss this chance to hear him in front of a vast audience.

Rev. Mary Jo is giving an interactive workshop at Asilomar called "How to Change Your Life to Be the Life You Desire". It will begin with wonderful stories of people who used the Science of Mind principles to make big changes in their lives. Then there will be a discussion of treatment, our power tool. During a guided meditation, there will be the opportunity to clarify desires. Then each person will write a treatment and put it on a beautiful bookmark of their making. Join Rev. Mary Jo on Asilomar Tuesday, July 26th, and accept the good you desire.

Treatment for the month

"There is no place where we begin and God leaves off. We can find God only within ourselves."

Ernest Holmes, Living The Science of Mind

I Am Spirit Individualized

Universal Love permeates all of creation. It is the Source of all Good, a changeless Reality. It is all there is. Immersed in this Goodness and Love, I am one with It. My life is wholesome, joyful, and filled with Spiritual vitality. Through the revelation of Truth I am transformed and renewed. My mind is poised, flowing with Spirit. My thoughts reflect new and inspiring ideas. My body moves with ease and grace. My relationships are harmonious. I am a consciousness continually expanding into greater good. Guided by Love, I see beauty in all I encounter, and in everyone I meet. Rooted in wisdom, I say yes to the infinite possibilities that await my acceptance. Clear and focused, I always reveal my highest good. I am the power that directs my life, and the light that shows it.

Grateful for my understanding of Truth, I delight in unfolding the spiritual magnificence of my life. I am well pleased, and so it is.

Harriet Topczewski, R.Sc.P.

Youth Program for July:

Have your children and grandchildren join our youth group and celebrate Freedom for the month of July! We will have a special party on July 3rd to celebrate our country's birthday as well as the freedom of each one of us. We will have games, crafts and treats, and a special parade through the sanctuary with flags.

We have a dynamic, growing youth program with excited new teachers ready to help your children uncover their own genius. We provide a spiritual education in a fun and loving atmosphere. Spread the word!

Free Flyers will attend youth seminar at Camp Idylewilde in southern California from July 31st – August 6th. They look forward to this camp every year because it is a life-changing experience and they get to spend time with Religious Science youth from all over the country (and Canada). It is led by the youth and includes workshops where they do self-exploration and sharing using the Science of Mind principles. They have a talent show, an opportunity to speak to the entire group about their experiences, a male and female empowerment night, a sunrise service every morning, and a peace prayer which closes every evening. Since they also have the expense of a bus which transports them to this camp, the youth are very grateful for the support of the congregation.

This year we are honored to have Matt Berthet as one of the two youth leaders of the camp.

News Flash –

We have three ministerial students taking the intensive this summer from July 20th – 23rd in Monterey. We congratulate Andrea Scheib, Pamm FredErickson and Andy Anderson and know that they will all come through with flying colors!

No Moon Circle in July
