Celebrating 32 Years of Excellence!

Member of Religious Science International

Dear Spiritual Family,

***This year we are celebrating
32 years of Excellence!***

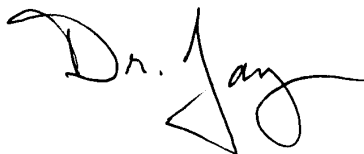

As we move into May, we celebrate all of the Mom's of the world. Know you are each a Mighty Moving Power of God in Action. As Religious Scientists, we know that God expresses Itself in, through, and as all; that all life is the One Life of God in expression. By conscious alignment with this Presence, we loose It's splendor into our experience.

George Bernard Shaw said, "I want to be thoroughly used up when I die for the harder I work, the more I live. Life is no brief candle for me. It is a sort of splendid torch which I have got hold of for a moment, and I want to make it burn as brightly as possible before handing it on to future generations." Be a "Splendid Torch" in action and brighten everything in your world.

Let it be your way! Have a Wonderful May!
Happy Mother's Day!

The shortcut is understanding the Universe's hidden laws and learning how to work with them. With the evolution of *quantum physics* we are discovering that atoms are not things. They are only tendencies. What part do we play in the orchestrating of these atoms? What is our responsibility, if any? How does this effect our lives? Find out how you fit into this equation. The class is based on the book ***Shortcut to a Miracle*** by Michael C. Rann and Elizabeth Rann Arrott, Religious Science ministers in Illinois. **Tuition: \$60**

Youth Program

This month's focus is **GROWTH**. We will celebrate our growth by expressing joy in our May Day festivities, and acknowledging the happiness and joy we share with our mothers and other women in our lives. Recognizing the "ow"ing in gr-ow-ing can be a way of learning to create the life you want. Memories of growth can be great fun for planning what you want to do with your future.

Children will have fun with the experience of "growing" and learning to create a wonderful life for themselves. When we are lifted up, all those around us are lifted up.

Life was meant to be fun, over and over again, every day.
Join us.

Teachers, training for advisors is in the month of May. The youth benefit from the training the advisors receive, because the advisors get fresh new ideas and have a chance to play with their own peers. Send your advisor to Advisor Training and see the difference.

May is Mother's Day, high school proms, and end of school year planning. We are preparing to see High School Seniors graduate and bring to the Young Adults seminar the benefit of their experience. I am grateful for the opportunity to work with the youth and to see life in a youthful way all the days of my life. With Love, Nan Self

May 2007
Member Spotlight
Jill Monedero

In recognition
of your loving service and dedication
to our spiritual community,
we celebrate and honor you!

It was an invitation from a church member that brought Jill Monedero to Tri-City Church. She knew she was in the right place when she heard the message that we are an inclusive spiritual community that sees all as God. The ideas she heard resonated with her. She began taking classes, attending workshops, and volunteering.

Jill began by helping with the nursery age children during service. Then she participated in gardening, hospitality, the bookstore, decorating, choir (where she made her solo debut), presenting for the women's Moon Circle, and most recently, Sunday congregational song leader.

Jill left farm living in upstate New York to come to California in 1982. She lived in several cities in the Bay Area before settling in Fremont with her daughter, Stacey. Jill's earlier career was in flower arranging. As a supportive mom, Jill became involved with children's theatre – and this is where she met her first Religious Scientist. Now in the accounting field, Jill is affiliated with a San Francisco financial institution. Folks that know her will attest to her kind heart and friendly spirit, which is reflected by her great smile.

Religious Science has helped Jill redefine who she is. It has helped her to realize that the all-loving God she felt in her heart really does exist. Through demonstrations, classes, and regular involvement with her Tri-City Church family, Jill truly embraces the principles that have become the foundation for living a spiritual life.

Treatment for the Month

A Time for Adventure

"Faith is not belief without proof, but trust without reservation." Elton Trueblood

There is only one incredible Spirit, one Mind, and It is God. God is good, loving, peaceful, joyous, and always there for me, because Spirit is one with me. I am the physical representation of God expressing my uniqueness to the world.

I know that the church ministers, practitioners, volunteers, staff, and congregation are all open to experiencing a shift in consciousness. I accept a vision of unlimited prosperity, including perfect healthy buildings, bank account, and prosperous individuals and ideas. I accept for all a journey, an adventure, full of sharing individual time, talent, and treasures with no reservations. I accept for all trust in the process that propels us forward. I know that Faith in each other and what we stand for is based on love and standing in the oneness of Spirit.

I am so grateful every day for my life, what I learn each day, this church, and its teachings. I see the gratitude in each person with whom I come in contact. I thank God for being in this flow. I release this treatment to the ever-loving God in which it is birthed, knowing that it travels to all in this incredible Spirit of Oneness. And so it is.

Linda Anson, Intern Practitioner

"Treatment is the act, the art and the science of specializing the universal Law of Mind for specific and individual purposes."

Ernest Holmes • Can We talk to God (1934) - P 27
