Dial A Treatment: 510-797-LOVE

Both Sunday services by Dr. Jay Scott Neale, unless noted otherwise.

Dear Spiritual Family:

Under the terrific impact of present world confusion, people are reaching for a greater understanding.

Many people have ceased to go along with World Thinking. They are not satisfied with that which seems to be, and are undertaking to become one with that which ought to be and can be.

There is a growing opinion that the philosophy of Religious Science rightly applied can go far in answering the need of our times. Religious Science is inclusive. Religious Science has adapted practical techniques to the problem of every-day living. Religious Science brings to us the benefit of all religions, psychologies and philosophies of the world.

Join with all your wonderful members and friends as we affirm Greater Growth for Tri-City Church of Religious Science. Together, let us determine to serve an ever-increasing number of people who need what we teach. We are blessed with being able to share our good with others.

One of the Highlights of Asilomar this year was Dave Deluca. He will be with us Oct. 16th to do both Sunday services and an afternoon seminar. You will thank yourself for

being part of this great experience ... filled with humor and metaphysical insight. Invite a friend.

Be with us for the installation of Rev. Andy Anderson on October 23.

Love is blessing YOU!!!

Dr. Jay

Spotlight Award for October 2005

Nan Self

In recognition of your loving service and dedication to our spiritual community, we celebrate and honor you!

Nan Self has been a member of Tri-City Church for 29 years. She has taken all SOM classes three to four times. For 8 years she worked as church staff, ran the book store, and helped with the Triune.

Nan's ministry is working with the youth. She has been in charge of the Free Flyers for 24 years and loves being with the teenagers and watching them grow. After 10 years, several of the past Free Flyers threw Nan a surprise party to show their appreciation. The youth feel safe with Nan and she considers working with them an honor.

Nan has 3 sons and 4 grandchildren. She works as a contracted purchaser for Safeway. She loves to read and go to movies in her spare time. Some of her favorite authors are Dean Koontz, Sandra Brown, John Saul, and Deepak Chopra. She enjoys stuffed animals, especially lions, Mickey Mouse, moose, and polar bears. She loves to have fun and do things with people.

Nan loves our church, says it feels like home. She loves the way Dr. Jay teaches the truth and she loves the people, especially the youth.

You might be surprised that even though Nan is out there promoting and supporting the Free Flyers, she considers herself a very private person.

Now you know a little more about Nan and she knows how much the church appreciates her consciousness and the gifts she shares, especially with the youth.

In Loving Memory

We know that loving hands are meeting our two dear ones who have recently made transition.

Mary Ruth Naccash, mother of member Cher Wollard, made transition on **August 16**.

George John Cannis, father of member Kris Cannis, made transition on **September 4**.

Youth Speaks

by Matt Berthet, Co-Director

2005 RSI Youth Summer Seminar

Who knew that a quiet, shy boy who rarely spoke in youth group would be elected co-director of the 2005 RSI youth Summer seminar "Forever Hold Your Peace"? Within one year of being elected, I grew mentally, emotionally, and spiritually as a leader through my experiences in the leadership class at my high school, as well as being on the executive committee to help develop workshops for camp twice a year.

As co-director this past summer, I felt like a leader. The unconditional love and support from hundreds of people immediately made me feel comfortable and confident in my new role at camp. One of my objectives this past camp was to actively go out and touch people's lives by giving them a camp from which to thrive and grow. By the end of the week, I knew I had accomplished that when a mother came up to me and told me that my talk on shyness and leadership gave her 13 year old son hope to become someone far greater and more confident than he is today.

It's a terrific feeling to know I've done all I could and still have more to accomplish. I have the Fremont Church of Religious Science, the youth at RSI seminar, and advisors such as Nan Self and Rev Keith Cox to thank for guiding me to become an "ambassador of peace," as my dad said.

Matt is currently attending his first year at San Diego State in the honor's program.

The Spiritual Dimensions

*“Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness.
Come before His Presence with singing.”
Ps. 100:1*

The Spiritual Dimensions is a chorus of angelic voices brought together in Love to sing as one voice at the Tri-City Church of Religious Science.

This choir was brought together by Andy Anderson, a talented composer, recording artist, singer, and fine musician who shares his gifts in the most wonderful way, consciously bringing out the best in each of the singers with his love and enthusiasm for beautiful music and lyrics to share with the world.

Members of the choir contribute their combined talents to the good of the whole - Sopranos, Altos, Tenors and Basses singing with a purpose, to vibrate their voices into one perfect harmonious voice.

Please see Andy Anderson if you are interested in joining,

FROM OUR PRACTITIONERS

Practitioner Sunday

The fourth Sunday of the month is Practitioner Sunday. This is a time when the Practitioners offer you a free gift of treatment. Simply ask a Practitioner on that Sunday for this gift and know wonderful changes will occur. For more information, please contact Cher Wollard, our head Practitioner.

Treatment For The Month

“One should never allow himself to think of, or talk about, limitation or poverty. Life is a mirror and will reflect back to the thinker what he thinks into it. The more spiritual the thought, the higher its manifestation. Spiritual thought means an absolute belief in, and reliance upon, Truth. This is both natural and normal.”

Dr. Ernest Holmes • The Science of Mind (p. 365)

I Am Magnificent Abundance

Magnificent abundance is everywhere present in joyous celebration. It is the universal life source, the Divine Energy in which we all live, move and have our being. I know that I am a perfect manifestation of this Divine Energy and, as such, I am abundance and joy expressing.

My life is a perfect expression of consciousness, and so is prosperity in action. Anything that looks like less than good, less than enough, less than harmonious perfection is illusion. I dismiss this now by the authority of my Word. I know and declare that any fears, doubts or mis-beliefs that hold me back are released, and instead I embrace the realization of my perfection. I am made in the image and after the likeness of Spirit, and so am abundance and joy in my own unique form.

I celebrate with you this truth, knowing it is so now. I release this idea to Law. My word is acted upon without hesitation or delay.

And so it is.
