Great Lessons by Great Religious Science Teachers! Become a Wednesday Nighter!

Dear Spiritual Family, *Let The Classes Begin!!!*

Dr. Ernest Holmes said, *"Should all the wisdom of the Universe be poured over us, we should yet receive only that which we are ready to understand."* This is true. For example, imagine a child who is just learning to count being exposed to the vast, accumulated mathematical knowledge of humanity. It would be incomprehensible to him. However, within all that information, there is a portion of knowledge which exactly corresponds to what the child must know. Whatever the child's needs may be, answers to them already exist.

Through our study of the Science of Mind® and the Principle of Religious Science, we discover that our answers also exist. Infinite Mind contains all knowledge and wisdom. Therefore, whatever specific instruction, guidance, or information we require is contained in It. If we are consciously receptive to Divine Intelligence, we shall be instructed, guided, and informed according to the level of our receptivity.

See the enclosed class schedule and then sign up and be an important part of one of these Great Classes, increase your level of receptivity, and have one of the best years of your life.

See you in Class!

Our Beautiful Church

Walking into the church is a joy for greeting us at the front of the sanctuary is Jan Smiley's magnificent mural. We honor her for the year she spent creating it. We celebrate her talent and the love she expressed in developing this wonderful work of art. Thank you, Jan, for blessing us with this wonderful gift.

A special thank you, too, to the crew who labored with love to hang this masterpiece.

In Loving Memory

We know that loving hands are meeting our two dear friends who have recently made transition.

Our beloved **Dr. Tom Johnson**, retired Pastor of the Woodland Hills Church of Religious Science, made his transition on Monday, **August 8**, at 2:15 PM, quietly, and sweetly.

Paul Spencer, son of member Ed Spencer, made his transition on **August 6**.

Member Spotlight

Debbie Borges

In recognition of your loving service and dedication to our spiritual community, we celebrate and honor you!

Debbie grew up in Michigan and moved to California after graduating from college. She was living and working in San Francisco when she met her perfect mate, Jay Borges.

She has two daughters. Adrea, 20, is a junior at Sonoma State and Shauna, 17, is a senior at Mission High. Debbie and Jay have always been very involved with their daughter's lives and credit youth camp for their wonderful relationship with them.

Debbie has been a member of our Church for eight years, but has known Dr. Jay for 17 years when her daughters attended the Creative Life School. She has taken SOM[®] 100 twice, SOM[®] 200 twice, SOM[®] 300 and SOM[®] 400. She has been in charge of hospitality for six and a half years and delivers delicious treats for the congregation every Sunday. She loves bringing people together in the social hall to connect and for the enrichment of our church community.

It might surprise some of you that Debbie was painfully shy and sensitive as a child, but no longer is as evidenced by the church's 30th Anniversary Dinner, which was a highlight for her. She credits the Tri-City Church for her incredible spiritual journey.

Debbie enjoys cooking and entertaining on weekends. Whenever the opportunity for travel presents itself, she and her husband, Jay, will hop a plane to exotic locations both far and near. Not long ago, Debbie began creating beautiful decorative plates which she sells, and has donated for church auctions. She has been a volunteer for Hospice for three years.

Debbie is a very giving person who will even give you the shoes off her feet if you happen to need that perfect turquoise for your Mother of the Bride outfit. She did exactly that at Asilomar.

The Spiritual Dimensions

"Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness. Come before His Presence with singing." Ps. 100:1

The Spiritual Dimensions is a chorus of angelic voices brought together in Love to sing as one voice at the Tri-City Church of Religious Science.

This choir was brought together by Andy Anderson, a talented composer, recording artist, singer, and fine musician who shares his gifts in the most wonderful way, consciously bringing out the best in each of the singers with his love and enthusiasm for beautiful music and lyrics to share with the world.

Members of the choir contribute their combined talents to the good of the whole - Sopranos, Altos, Tenors and Basses singing with a purpose, to vibrate their voices into one perfect harmonious voice. Please see Andy Anderson if you are interested in joining.

Youth Program

Our theme for September is **New Beginnings**. This is a time for the beginning of a new grade in school, new teachers, and sometimes a new school. We know that transitions can be difficult, and we will be discussing ways to make them easier by knowing that God is all there is, and that Divine Intelligence guides and directs us on our perfect path. We will discuss faith and trust, and help our youth talk about their expectations and challenges.

Rev. Andrea has joined our Youth Ministry staff, and will work with Rev. Bonnie and Rev. Celeste in continuing the creation of our wonderful Junior Church program.

Laughing and playing, we learn in joy about our Spirituality. Bring your children and grandchildren to Junior Church to learn spiritual lessons in a safe, fun, loving setting. Our mission is to awaken the genius in each child! Come, join us and have fun!

Free Flyers

The first week of August our teens attended Religious Science International youth seminar which was entitled, "Forever Hold Your Peace". It was a wonderful experience participating in workshops and connecting with youth from around the country. We are taking our movement international by connecting with a group on the East Coast to send teddy bears to tsunami victims. Each youth sent a greeting on a tag which will be attached to a teddy bear that will be sent to a young person in Thailand.

Religious Science[®] In Depth

Presence: Human Purpose and The Field of the Future

(Based on the book by the same name)

As Religious Scientists, we know “we are a light in this world.” Perhaps we wonder how we can take the Science of Mind[®] consciousness into the world in a more active “move your feet” way.

This class will study and discuss how we can make a contribution to any organization, be it our family or business. And, as members of Tri-City Church of Religious Science, we can further examine and understand our own organization and its future.

Each member of the class will be a partner in the class experience, contributing their unique knowledge and gifts. Rev. Pam McClure-Roman and Rolf Jaeger will facilitate the class. In addition to his business and physics knowledge, Rolf will contribute his wonderful original music for meditation periods during the class. As church volunteer coordinator, Rev. Pam will be especially interested in exploring our church volunteer organization.

The book can be purchased from Amazon.com or presence.net (where you will receive a workbook you can download for free – though it is not required for the class). ***For the first class, please read the introduction and chapters 1 and 2.*** Current TCCRS board members and team leaders will be offered a discount.

For further information, contact Rev. Pam at 650-361-1093 or revpam@boss-group.com.

Facilitators: Rev. Pam McClure-Roman & Rolf Jaeger

Class time: 7:00 – 9:30 PM • Thursdays, Sept. 12 to Nov. 3

Prerequisite: Completion of SOM® 100 & 200 is required

Tuition: \$120
