**Dear Spiritual Family,**

***Let The Classes Begin!!!***

Dr. Ernest Holmes said, "Should all the wisdom of the Universe be poured over us, we should yet receive only that which we are ready to understand". This is true. For example, imagine a child who is just learning to count, being exposed to the vast, accumulated mathematical knowledge of humanity. It would be incomprehensible to him; but within all that information, there is a portion of knowledge which exactly corresponds to what the child must know. Whatever the child's needs may be, answers to them already exist.

Through our study of The Science of Mind® and the Principle of Religious Science, we discover our answers exist, also. Infinite Mind contains all knowledge and wisdom; therefore, whatever specific instruction, guidance, or information we require is contained in It. If we are consciously receptive to Divine Intelligence, we shall be instructed, guided, and informed according to the level of our receptivity.

Sign up today, and be an important part of one of our Great Classes. Increase your level of receptivity and have one of the Best years of your life.

***See you in Class!***

## Member Spotlight

### Christie Hardwick

In recognition of your loving service and dedication to our spiritual community, we celebrate and honor you!

After accepting an invitation from a friend, Christie Hardwick sat in on Rev. Dar's final class of the year. She was immediately captivated and soon became a Tri-City Church regular. Christie attended classes through SOM 400 and just this past Asilomar completed the Ministerial Intensive. She has participated in workshops, special events, the Spiritual Dimensions Choir and is an active Board member.

Christie has always loved learning and has been raising her hand since childhood. She has over 22 years of experience with Fortune 500 companies, non-profit organizations and grass root-organizing efforts. She holds a Masters degree in Organizational Development, is a Senior American Leadership Forum Fellow and a member of the Women's Leadership Board for the Kennedy School of Government at Harvard. Christie held several executive positions, and founded her company, Spirited Contribution. She is also a speaker in a variety of forums.

Christie is mom to Josh, Tori, and Matteo, and loving wife to Jane whose son Max she now welcomes as family. Christie is a native of California and currently lives in Half Moon Bay.

"What delights you prospers you" is one of Christie's mottoes. Religious Science has given Christie a new and revised self definition, a clearer understanding of her own passions, and a more fluid connection between mind, body and spirit. She thinks of herself as a success knowing that all the ingredients for its expression are contained within.

# Treatment for the Month

*"When we learn to trust the Universe, we shall be happy, prosperous and well." Ernest Holmes*

## I Trust the Universe!

I am the perfect expression of the One Infinite, Eternal Whole that manifests Itself as universal diversity. All things, seen and unseen, known and unknown, visible and invisible, live, move and have their being in and as the Perfect Oneness. This Infinite Life Everlasting is always whole, perfect and complete, and all that is true of it, is true of me. I trust this Truth now. I trust the Universal Oneness that I am.

My unwavering trust in the infinite, unlimited abundance of the Universe ensures my happiness, my prosperity, my health, and my well being. All that I desire is at my command. I make wise choices and keep my attention focused on the perfection of my Being. I know that it is done unto me as I believe, and I choose to believe in the best of and for myself, others and my world. I give my best, I expect the best, and I get the best.

My life is beautiful, and I rejoice and celebrate the Truth that makes it so. I am so grateful for all I have and all I am. I am the perfect One now and always! And so it is!
